

Codenames XXL

Codenames XXL is the same as the standard game but GIANT!

The two rival spymasters know the secret identities of 25 agents. Their teammates know the agents only by their CODENAMES.

The teams compete to see who can make contact with all of their agents first. Spymasters give one-word clues that can point to multiple words on the board. Their teammates try to guess words of the right colour while avoiding those that belong to the opposing team. And everyone wants to avoid the assassin.

Codenames: win or lose, it's fun to figure out the clues!

Bridges, Castles & Bazaars: Carcassonne Expansion 8

Restock

12 new land tiles expand the world of Carcassonne even further. Placing the new bazaar tile allows you to host an auction, giving you the chance to spend your earned points to buy advantageous tiles. The player willing to bid the highest will get first choice of tiles to then place and score.

Small cities will score you a few points, but the new castle tile can transform the city and give you a chance to score even more points. As the area around the castle develops, the next feature to be finished and score will give you points as well because of the castle tile. Will you build the castle and take the gamble to score more?
